Belite wins award at Sun 'n Fun

Wichita Business Journal - by [Daniel McCoy](#)

Belite Aircraft's Superlite Dragon was named the 2010 Grand Champion Ultralight at last week's Sun 'n Fun aviation festival in Lakeland, Fla.

It was the Wichita-based company's first appearance at Sun 'n Fun, where it displayed both its Superlite and Trike models and introduced a new line of avionics for FAA Part 103 aircraft.

The company got its start last year when Wichitans James and Kathy Wiebe acquired the production rights to the Kitfox Lite aircraft and rebranded it as Belite.

The husband and wife team unveiled the Superlite and Trike versions of their existing Belite 254 in January at the U.S. Sport Aviation Expo in Sebring, Fla.
